

**LOOKING FOR CANDIDATES TO APPLY FOR POSTDOCTORAL POSITIONS “JUAN DE LA CIERVA”, “BEATRIU DE PINÓS” OR “RAMON Y CAJAL” TO BE INVOLVED IN RESEARCH ON RAPTOR CONSERVATION WITHIN THE Equip de Biologia de la Conservació at the University of Barcelona.**

**Profile:** We are looking for candidates with excellent academic records to apply for postdoctoral positions in Spanish government calls to develop research on raptor conservation. Main focuses are population dynamics, ecological and trophic relationships, ecotoxicology, human impacts and conservation strategies.

The candidate must have a strong background in ecology of raptors, long-lived vertebrates or endangered species as well as data management and statistical analysis. Knowledge on toxicology or genetic analyses will be welcome.

**Research team:** candidates will work in the Biology Conservation Group with Drs. Joan Real, Santi Mañosa and Antonio Hernández-Matías.

**Application:** Please send a letter of motivation expressing your interest and qualifications, your CV and publication list, as well as, three references (including names and mail addresses) at [bio.conserv.ub@gmail.com](mailto:bio.conserv.ub@gmail.com)

**Deadline:** January 14th 2022.

For further details or any other enquiries, please contact [bio.conserv.ub@gmail.com](mailto:bio.conserv.ub@gmail.com)
